**Policy on usage:**

Material loaned from the MSB should be acknowledged by MSB catalog number in all publications, reports, presentations or GenBank submissions. A physical or electronic copy of any reprints should be provided to the Division of Amphibians and Reptiles at MSB. By signing this form, you agree to use these materials only for the study outlined in your original proposal and must obtain written permission for any use outside of the scope of your original proposal, including the transfer of any MSB material to a third party. Specimens on loan should be returned to the MSB using the same packing container and materials, shipping method, and insurance value unless other arrangements are made with the MSB person in charge of this transaction. Thank you for your cooperation.
